Playing with the future: a card game for sustainable futures

| Use the guiding questions to further develop and expand your future scenario |
|--|
|--|

- What kind of (digital and non-digital) infrastructures are needed?
- What kind of (digital and non-digital) resources are needed?
- What kind of cross-sectoral collaborations are needed to contribute to future opportunities?
- How will existing GLAM processes and practices need to adapt to enable this scenario?
- What can be learnt from existing GLAM processes and practices? How can these lessons inform sustainable GLAM futures?
